

COVID-19 HEALTH & SAFETY UPDATE: Ohio Pearson VUE Seating

Released: June 25, 2020

NBEO has been informed from Pearson VUE that the states of Texas, South Carolina, South Dakota, Missouri, Hawaii, and Alaska are moving from 50% capacity to full or near full capacity for examinations scheduled July 15 and beyond. Beginning today, seats will begin to become available in these locations.

We are actively continuing our ongoing dialogue with Pearson VUE regarding potential alternative strategies for those who submitted the Candidate Escalation Form. We will continue to keep you informed as we have additional information. In the meantime, please do continue to periodically check availability with Pearson VUE by clicking [here](#).

NBEO will continue to do everything that we can to ensure that all candidates have an opportunity to take the examinations.

If you have any questions, please click [here](#) to contact NBEO.
